2022 GSM Blend - Price \$75

57% Syrah, 29% Mourvèdre, and 14% Grenache

This is a brand-new wine for us that will only be available in our wine club because of limited production. We have put together a traditional GSM blend for you to enjoy rather than make the individual varietals like we have in the past.

The GSM is 57% Syrah, 29% Mourvèdre, and 14% Grenache. One of the most interesting blends that we produce, the GSM hails from our spectacular Cinghiale vineyard. The coastal climate is prime conditions for these Rhone varieties. The Syrah is concentrated expressing beautiful blackberry, spicy black pepper, and even floral notes. The Mourvèdre provides a rich mouthfeel in addition to a complex aromatic presence of fresh earth and dark fruit. The Grenache excels in particular on the coast, offering raspberry spice, strawberry compote, and a framing liveliness that completes the entire wine. While we have offered the individual varieties in the past, we couldn't pass up the opportunity to paint the wonderful picture that the dynamic blend has to offer.
